

**Thursday, March 28th
at the Old Church,
Smithers**

BV Naturalists present:

How to Bird the Feck in Australia and New Caledonia *by Ken and Theresa White*

This talk will give an introduction to Australian birds, seen through the eyes, binoculars and camera of Ken and Theresa White. While

birdwatching was an important part of the trip, meeting old and new friends was also an integral part, hence the title. There is also a small side trip to New Caledonia. The majority of the talk will focus on birds seen on our trip, but there will be some small diversions to discuss habitats, mammals and other topics.

**Talk starts at 7:30 pm
Non-members welcome**
