

**Thursday, April 10th
at the Old Church**

The BV Naturalists present:

“Australian Nature Ramblings Part 2: Victoria and Tasmania”

by Ken & Theresa White

Our second trip to Australia in as many years allowed us to explore more areas of the states of Victoria and Tasmania. We visited many National Parks that highlighted the various landscapes of the two provinces. This non-scientific presentation will concentrate on the birds we saw, but will include information on other species of plants and animals.

Talk starts at 7:30pm

Non members welcome!
